Linda, attached is the Valmont 2021 groundwater report (13 mb). Comanche is probably the

other of most interest, but it is 35 mb, so I will need to break it up into separate smaller files. First, let's see if this 13 mb goes through.

Linda, the 2021 CCR Groundwater Reports are on Xcel's CCR website. I'll work on getting you printable versions; some of the files are very large, but I'll see what I can do to get them through email.
